JENNIFER Y. FIGUEROA

jenniferyununfigueroa@gmail.com | +63 9949322064 | Andrade, Manila City

OBJECTIVE :

As a 4th-year Bachelor of Science in Information Technology (BSIT) student, I am seeking an On-the-Job Training opportunity where I can apply my IT technical skills in a real-world work environment. I want to gain hands-on experience in troubleshooting computers, providing technical support, and resolving technical problems. Through this OJT, I aim to enhance my technical skills, learn from experienced IT professionals, and prepare for my future career in the IT field.

EDUCATION :

Bachelor of Science in Information Tecnology
STI College Caloocan (2022 - 2025) - Present

PROJECTS :

U.L.A.M (Unified Learning AI for Meal Planning): A Mobile Fitness Application with AI Activated Meal Planning and Voice Command Including Tracking System.

a mobile app that helps gym members stay healthy by providing AI-generated meal plans based on their fitness goals. It includes voice commands for hands-free use, a digital ID system for accurate attendance tracking, and a progress dashboard that helps users monitor their fitness improvements. The app aims to make gym activities more organized and support members in maintaining a balanced and healthy lifestyle.
